SAT 22<sup>nd</sup> APRIL 2017

DU PONT

**MURPHYS PUPPETS** have brought with them an amazing menagerie of characters which will be roving the showground.

Watch out for Howard the Hypochondriac Hawk. He has everything wrong with him from headaches to Housemaid's Knees. Don't get too close - he's likely to sneeze on you!

Murphys Puppets have also brought with them their puppet booth (located opposite the Griffiths Pavilion under the 3 bay skillion). Performing rollicking family shows throughout the day.
